

Best poster award at the 14th FORTH Conference

Congratulations to Eugenia Roupakia (Postdoctoral Researcher at BRI-FORTH) and Elena Rakovoliou (PhD candidate at BRI-FORTH), and their research teams (laboratory of Prof. Evangelos Kolettas and laboratory of Dr. Carol Murphy and Prof. Em. Theodoros Fotsis), for the best poster award at the 14th FORTH Conference. Considering the excellent papers presented at the meeting from all FORTH Institutes, this award is a great honorary and is a proof of the quality of research carried out at BRI-FORTH. Congratulations to Eugenia and Elena!!!

Best Poster Presentation Award
in AREA 3: Life Sciences

is granted to

Elena Rakovoliou

for the contribution "*Molecular Mechanisms of Vessel Morphogenesis*", co-authored by Elena Rakovoliou, Maria Markou, Eleni Bagli, Sofia Bellou, Theodore Fotsis and Carol Murphy.

The 14th FORTH Retreat Organizing Committee

sponsored by FORTH Researchers' Association (SYLER)

**Best Poster Presentation Award
in AREA 3: Life Sciences**
